

## Multiplex Control Device Type PP9031

Multiplex Control Device

PP9031

Order no.:

4882

### Technical Characteristics:

Housing	Al-cast
Weight	approx. 850g
Protection mode	IP65
Connection	Terminal blocks, cable glands
Supply	24VDC/30mA without light barriers
Operating mode	multiplex (for 4 light barriers)
Ambient temperature	-25...+60°C

### Special design:

Operating mode	multiplex "q" (only with "q" light barriers)
----------------	--

### Hint:

The Multiplex Control Device Type PP9031 can be used for controlling up to 4 multiplex light barriers (Types: e.g.. JP105FFP...n, ET103/2000n, PP2092/2n, PP2009/3n...)

### Terminal connection:
